## ***OUR COMMITMENT***

### ***Professional support for private interests in Spain***

**Marbellasolicitors, SLP** is a leading legal firm on the Costa del Sol (Spain). From our five offices, we provide legal / tax services throughout **Spain** and the **Costa del Sol** in particular.

We know that when people have a legal problem or issue outside their own country, they need accurate legal information and often do not know where to start looking for answers or solutions. We also realise that finding a trusted solicitor outside your own country, understanding the Spanish Law and navigating the legal system in Spain, is often confusing and intimidating.

To help you cope with the variety of legal & tax issues you have to deal with in Spain and to further improve our client service, we have created a network of offices in Marbella, Málaga, Nerja, Manilva, Mijas and Madrid.

***More than just Legal & Tax Services***

We believe that technology and the Internet play an important role in the legal & fiscal service world and, therefore, we want to be in the forefront and offer fast online communication and service to our clients through the Internet 24 hours a day, 7 days a week.

**Marbella Solicitors** was founded in year 2000 to make it easier for non-spaniards to resolve their legal issues in Spain by helping them quickly find the appropriate solution and advice. **We are specialised in SPANISH NON-RESIDENT LAW** and turned to the Internet to create a better, cheaper and more efficient way for us to deliver legal / tax information and service for our non-resident clients. We have equipped ourselves with the latest computer technology to complement our intellectual work which helps us to increase our effectiveness.

From our success in providing quality legal and tax services to non-residents, we have expanded to 5 new offices in recent years. At **Marbellasolicitors, SLP**, you are assured of a personal, professional and confidential service at all times. We want to make our Law Firm our client's preferred partner in Spain and would like to be judged by them to be a first class Legal firm. **We are growing by providing a quality personal service at a reasonable cost.**
