LITIGATION & COURT MATTERS

You can count on our support

Whether you are a Spanish resident, or not, if you have a serious problem or dispute you can count on our support. Whether you are plaintiff or defendant we are here to help.

We will meet and discuss the most appropriate way to deal with your issues. After studying the matter we will advise how to resolve it through negotiation or arbitration and if this appears impossible we will pursue your case with your through the legal system.

More than just Legal & Tax Services

Our Law Firm provides extensive litigation services in different matters ranging from major commercial disputes to small debt collection cases. Our experience extends from contractual claims to advising on property disputes, but we are specialists in:

- Real Estate property claims against developers.
- Community of Owners Law and disputes.
- Accidents & personal injury litigation.
- Negligence claims.
- Car accidents & insurance claims.

When necessary, we will help you through the difficult process of taking the matter to Court. But as we understand that taking a case to Court can be a lengthy business, before launching into litigation we will talk to you about finding ways of settling your dispute, which meet with your approval.

We can offer specialist services in matters involving litigation, arbitration and court procedures in civil, criminal, labour and administrative jurisdictions. If necessary, we will use all our expertise and experience in taking your case before the lower and higher Courts and Tribunals to protect your interests.

If you have suffered an injury caused by a third party in Spain you will not have to deal with it alone. We can pursue a claim for compensation and will negotiate on your behalf and take the matter to court if necessary.

- Insolvency, asset/debt recovery & collection.

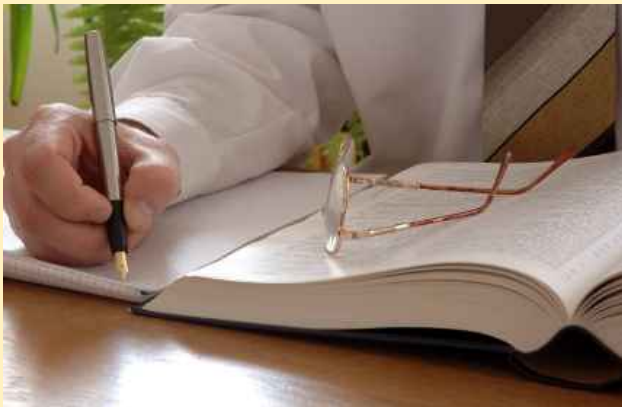

If a business fails which owes you money, we can act in Spain to make sure that your interests are protected. We will advise on all legal aspects of insolvency and asset recovery including possible voluntary arrangements. We will endeavour to find your debtors or their assets in Spain and will take them to Court if necessary.

If you need swift and effective action to stop something happening which could damage your interests (your rights are being infringed, assets being sold off, etc.), we can advise you on the best route to follow and, if necessary, seek injunctions in the appropriate courts.

For further information on our litigation service or any other court matter, please do not hesitate to contact us at mail@marbellasolicitors.com. We will be pleased to study your particular case and help you to solve your problems.
